Nelson sweeps, Wood reigns

By Homer Eubanks

RAMONA, CA, AUG. 25-27

Dustin Nelson and Dee Wood came, took on, and conquered all comers at the 11th Annual CMMC Mini National and Ladies World Cup Championship at Barona Oaks Raceway.

In the Ladies World Cup, Wood proved that not only is she fast, but consistent, as well. Wood scored the win in the 125cc Pro class and placed second in the 250cc division and was crowned overall Ladies World Champion for her efforts.

The Acerbis-sponsored Ladies World Cup Championship program, which ran in conjunction with the Mini National, drew a lot of fanfare in that ESPN brought out the cameras and Franco Acerbis came from Italy to crown the new Miss MX Champion.

Local rider Jennifer Nelson, Dustin Nelson's sister, nearly stole the show with her own dominant showing. Nelson entered the event as a Beginner and after winning the first moto was moved to the Intermediate division. Once the gate dropped, Lisa Henderson was able to holeshot but had Nelson glued to her rear fender. With just one lap to go Nelson managed to cut inside and steal the win from the favored Henderson. When the gate dropped for the second moto, Nelson didn't waste any time and quickly put the burden of passing on Henderson. Henderson, who recently came back from a leg injury, couldn't keep up the pace and Nelson made it three for three. Tricia Young finished third.

Janene Vigar won both the Novice motos with Kristy Burkinshaw trailing. Bonnie Warch proved unstoppable in the Vet Pro division. Lisa Gallo managed second ahead of a consistent Tami Rice.

Beginner Joan Evans raced against First Timer Heather Hoyt and they shared moto wins. Alone in the 80cc class, Heather Matthews put in a good ride. Pee Wee rider Candice Motshagen proved to be too quick for Aimee Jones.

CN

Barona Oaks Raceway Ramona, California Results: August 25-27, 1995
